Important-All applications must be received at Valley Waterfowl at least *15 days prior* to the selected hunt dates. Also a completed *release of liability form* must be completed and submitted for each hunter, with each hunt application. Any multiple applications received by any hunter for the same date and any incomplete applications or release of liability waivers will disqualify the hunter for the dates selected. Each hunter *must indicate* the name and information of the second hunter at the time of application. If no second hunter is listed, the hunter will not have the opportunity to bring a second hunter, and they will be assigned a single seat in the blind. *Applicants who are not current members of Valley Waterfowl may submit their membership fees with this application.*

Decoys-Each blind is adequately equipped with both duck and goose decoys. The decoys were purchased with funds obtained through donations to Valley Waterfowl. We have decided to equip the blinds with decoys this year for the convenience of our members. Please take extra precautions to not shoot at low flying birds in order to avoid striking the decoys. Also, please help us by reporting decoy theft and trespassers. If the decoy program is a success this year, we will do our best to continue the program in the future.

Rules of Conduct

- *The only people allowed in the field and on the property are current Valley Waterfowl Members who hold a valid and dated access pass for that date.*
- *Each hunter must keep their access pass on them while on the property.*
- *The access pass must be presented to any Valley Waterfowl Representative, game warden, or other law enforcement official upon request.*
- *Parking is only allowed in the designated parking area, and each vehicle shall have the dated Valley Waterfowl parking pass visibly displayed in the front window of the vehicle.*
- *Vehicles without properly displayed parking passes may be towed.*
- *People who are on the property without a valid access pass are subject to prosecution.*
